

PAYMENT OPTIONS

We gladly offer several convenient options for payment for dental services at our office.

1. Cash

2. Check- As a convenience, checks may be postdated a few days if needed.

3. Credit Card- Visa™, Master Card™ and Discover™ cards are accepted.

4. Debit Card

5. Money Order

6. Extended Payment Plan- We realize that some dental work or dental emergencies may occur that may entail unexpected and extensive work to be done. While we do need account balances to be paid off upon completion of work, it is not always easy to pay off the whole balance at one time. In these cases our office offers patients the ability to pay off an outstanding balance in up to a year with no interest payments. This interest free payment plan is arranged through Care Credit™.

Please contact our office manager Cynde if you have any questions about your account or payment options. She will be glad to help you!
